

# Certificate of Approval

This is to certify that the Management System of:

## Met Office

FitzRoy Road, Exeter, EX1 3PB, United Kingdom

has been approved by LRQA to the following standards:

### ISO 14001:2015

Approval number(s): ISO 14001 – 0043897

This certificate is valid only in association with the certificate schedule bearing the same number on which the locations applicable to this approval are listed.

**The scope of this approval is applicable to:**

The provision of environmental and weather related services incorporating meteorological-based research, gathering observational data, providing forecasting products, services and data, conducting climatic research, the supply of relevant training services and all other activities to support the business, including the design, implementation, operation and maintenance of software assets and the collection, archiving and making accessible of historical meteorological-related records and artefacts.

This Registration covers the sites listed in the annex to this certificate which include observatories, research facilities, Field Service Engineering Centres and manned offices, including our Exeter Headquarters and Aberdeen offices.

**Marta Escudero**

Regional Director, United Kingdom and Americas (UKAM)
